

The Lotus Institute, Inc., of Lillian Pearl Bridges presents:

Find Your Golden Path

Direct Your Destiny

道 Tao is usually thought to mean “The Way,” but the original translation is “A Face Running on a Path,” implying that if you uncover your original face, you will know who you truly are and will be able to find your way in life doing what you are supposed to do. The Taoist quest was to attain immortality through inner alchemy, allowing enlightened individuals to attain the longevity needed to complete their life’s work. Following in this ancient tradition, this two and one half day Golden Path workshop will teach participants how to find their life purpose and begin to live a life they have only imagined. You will be led on an amazing journey of self discovery as you:

- Find out about the inherited talents and abilities from your Jing
- Understand the facial traits and markings that reveal your personality
- Recognize and reverse traumatic experiences via the maps of Chinese Face Reading.
- Use unique Code Coaching tools to uncover your Fundamental Principles and Code
- Develop an Incremental Action Plan to start on your journey

Participants will be guided toward finding their Golden Paths and will become empowered to take charge of their future by synthesizing the knowledge they acquire in this innovative and interactive workshop. Begin the transformation that comes from finding your Golden Path by being personally responsible for Directing Your Destiny....
